## Frequently asked questions

These are some of the commonly asked questions. This section will be updated as we receive more feedback.

| You asked...  | Our response  |
|---|---|
| Why are the Doorstopper services being withdrawn?   | Patronage does not warrant retention in their current form. However, we are acutely aware of the impact of the removal of Doorstopper services and new routes have been designed to cater for passengers requirements wherever possible (eg – new and regular services to Jutland Village).   |
| Why won't my express bus go to Glenorchy?   | Express services will provide City commuters with a faster and more direct alternative by using the Brooker Highway wherever possible. Where express services do not travel via Glenorchy an all stops service will also operate.   |
| Why is the Route X1 service being replaced by an all stops service?   | <ul style="list-style-type: none"> <li>Express services will offer faster services for commuters to Hobart CBD in peak hours.</li> <li>Experience has shown that existing "express" services do not travel any faster than regular services due to the number of stopping points.</li> <li>Stopping patterns for the different routes (for example X1, X7, X8) are inconsistent and confusing.</li> </ul>   |
| Why are services in Briggs Road Honeywood being withdrawn?  | This area is outside Metro's operational area. Patronage does not justify retention of these services.  |
| I want a service that gets me where I want to go safely as quickly and most importantly as direct as possible. How does this review help? | This is a fundamental component of the review. We believe the proposed network and services provides for more direct services with faster running times. Express services will offer faster, more direct travel to Hobart CBD.  |
| Why are the route numbers changing?   | This review is extensive and the first major overhaul of the northern suburbs since 1994. The proposed route numbering system was started on the eastern shore in 2009 and will be extended to the full network over time. Route numbers have been grouped to aid geographic identification. 500 series = northern suburbs; 600 series = eastern shore, 400 series = southern (future review). Express route numbers will reflect the all stops route number to the same locality (eg All Stops to Tolosa Park is Route 511, Express to Tolosa Park is Route X11) |
| What is happening in Brighton?  | <ul style="list-style-type: none"> <li>Dedicated peak hour express services will significantly reduce travel time to or from Hobart.</li> <li>More access to services during weekdays daytime and Saturday.</li> <li>Changed route in Brighton township to serve new housing areas.</li> </ul>  |
| What's happening in Old Beach? Will buses ever travel via Fouche Ave?   | <ul style="list-style-type: none"> <li>New services are being provided to Clives Ave and Childs Dr.</li> <li>More regular services will be provided during weekdays daytime and on weekends.</li> <li>We intend buses will use Fouche Ave when the roadway link to Jetty Rd is built. We are not aware of any plans by for this at present.</li> </ul>  |
| Why won't buses pass the Lamprill Circle shop bus stop any more?  | The current bus route requires buses to double back over roads they have already travelled on. The bus route is being straightened to improve travel times. New bus stops will be installed near the top of the link road, a very short walk from the shop.   |

## Northern Suburbs Bus Service Review

### Need more information on the bus network proposal?

If you want more information about the northern suburbs review, Metro is holding public information forums and displays during June and July 2014. Feel free to call in and talk to Metro staff, or you can just view the proposal in more detail.

#### 1. Come and talk with us

The Metro team will be out on the network to answer questions about the proposed changes. Come and visit us at the following information sessions.

|   |             |       |              |
|---|-------------|-------|--------------|
| <b>Metro Shop, Hobart</b><br>Ground Floor,<br>22 Elizabeth Street Hobart          | 11am to 1pm | Thurs | 12 June 2014 |
|   |             | Thurs | 19 June 2014 |
|   |             | Thurs | 26 June 2014 |
|   |             | Thurs | 3 July 2014  |
|   |             | Thurs | 10 July 2014 |
| <b>Glenorchy LINC</b><br>4 Terry Street Glenorchy                                 | 10am to 2pm | Wed   | 18 June 2014 |
|   |             | Tue   | 24 June 2014 |
|   |             | Mon   | 30 June 2014 |
| <b>Bridgewater LINC</b><br>Green Point Road Bridgewater (behind the Civic Centre) | 10am to 2pm | Tue   | 17 June 2014 |

#### 2. You can visit our displays at the following locations and times:

|   |                    |
|---|--------------------|
| <b>Metro Shop</b><br>Ground Floor, 22 Elizabeth Street Hobart                     | June 10 to July 11 |
